Dear James,

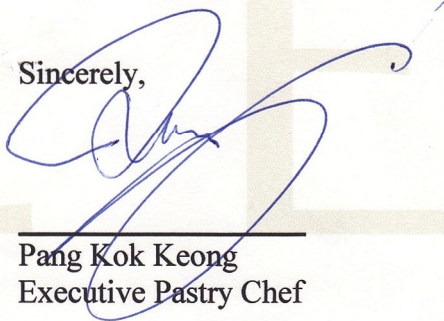

RE : HUMITECH PRODUCTS

I have had the opportunity to use one of your product Humitec Systems (filters) in my chillers and chocolate room, and I'm very happy to let me you know that odors and excess moisture in the chiller has been reduced significantly.

The product stands out as an exceptional product and we will strongly recommend the product for the chillers.

We are also very happy with the service provided by Humitech Singapore

Sincerely,

Pang Kok Keong
Executive Pastry Chef
